Booth ID42

Galleries and Kabinett sectors

Preview days: 25-26 March 2026

Public days: 27-29 March 2026

Location: Hong Kong Convention & Exhibition Centre, 1 Harbour Road, Wan Chai, Hong Kong

Ames Yavuz is pleased to return to Art Basel Hong Kong with a selection of artists whose practices reflect the complexity and vitality of contemporary art within the Asia-Pacific region. Spanning both the Galleries and Kabinett sectors, the presentation brings together established and emerging voices in a dialogue shaped by material inquiry, cultural memory, and formal innovation.

In the Kabinett sector, Ames Yavuz presents *Echoes of the Sea*, an important solo installation of works by **Elmer Borlongan**. It traces Borlongan's evolution over several decades as one of the Philippines' most celebrated visual artists, known for his distinctive approach to figuration that register gesture, rhythm, and daily life. Informed by the landscapes and shores of his second home in Zambales, Borlongan's imagery alludes to its numinous mountains and cradling shorelines, forming a humbling expanse — set as the backdrop for the aggressive development and restless urbanisation reshaping rural and coastal communities amidst rituals, work, and play. In these paintings, the interplay of the rural and the urban creates tensions in context, where powerful and honest reflections of the changing terrain and its implications emerge.

Borlongan has exhibited widely at institutions such as the Pinto Art Museum and Arboretum, Antipolo, Philippines, 2024; National Museum of the Fine Arts, Manila, Philippines, 2022; BenCab Museum, Benguet, Philippines, 2023; Iloilo Museum of Contemporary Art, Philippines, 2022, amongst numerous others. He is in esteemed collections such as the Fukuoka Asian Art Museum, Japan; Tokyo Museum of Contemporary Art, Japan; Singapore Art Museum; Queensland Art Gallery, Australia; and the Cultural Center of the Philippines, to name a few.

Our presentation at booth ID42 features:

Pinaree Sanpitak (Thailand), one of Asia's most important contemporary artists, showcasing new works crafted from woven rattan, utilising its organic and tactile qualities to articulate notions of the body, womanhood and nourishment. Her works are on view at Dib Bangkok in Thailand as part of their current exhibition *(In)visible Presence*, and she has recently exhibited in esteemed institutions and biennales such as Colomboscope, Sri Lanka, 2026; M+ Museum, Hong Kong, 2026; Musée d'Art et de Culture Soufis MTO, Paris, France, 2025; Asian Art Museum, San Francisco, USA, 2024; 59th Venice Biennale, Italy, 2022, amongst others;

He recently participated in the International Contemporary Art Festival, Chiang Mai, Thailand, 2026 and has had solo exhibitions at institutions such as the HOP Hub of Photography, Bangkok, Thailand, 2025; MAIAM Contemporary Art Museum, Chiang Mai, Thailand 2023, amongst others;
